GREENBUSH UPDATES!

-----Did you know we are opening a Diner? The space that used to be Fitzgerald's here in downtown Sawyer, MI, is currently being converted into a new space for Greenbush. We are calling it the Clean Plate Club. We will be serving breakfast, lunch, and dinner with a menu featuring a variety of Greenbush classics plus a few new favorites to come. The Diner is slated to open in mid-June so keep an eye on our Facebook and Instagram to follow along with our progress.

-----Greenbush is turning 5 on June 10th! Can you believe it's been five years since our open?! We sure can't. To celebrate, we will be releasing our 5th Anniversary IPA (name TBA) and filling commemorative pint glasses all day long in our Annex and Taproom. We will have a few other special things happening that day so be sure to stop in to check it out and help us celebrate.

-----Have you tried out new desserts? We have rolled out a delicious sampling of Southern-style desserts for the season, including Sweet Potato Pie and Peach Cobbler. Get it while you can!

FARM UPDATE!

Did you know Greenbush has a farm right down the road that we use to supply our Annex and Taproom? Our farm team has been busting their butts to make this our best season yet. We have a hand-built hoop house to work with and two acres of land to farm (with quite a few more for future seasons). So far this year we have seeded over 50 varieties of heirloom and/or organic veggies; planted 1,000 feet of potatoes; started the seedlings for carrots, beets, radishes, and bunching onions; AND planted our first lettuce, kale, mustard, and cabbage crops in the field last week. We have also started working on installing irrigation, plastic mulch, and putting the hoop house to work by seeding the next round of lettuces and more for eventual succession in the field. Plus, we released a container of Lady Bugs to assist with pest control and make sure our farm is as healthy as can be. Looking forward to enjoying the harvest!

Soooo, what else is there to do around here?

We get asked this question a lot. Harbor Country is a necklace of small towns strung together with a variety of cool stuff to offer. So we put together a list of some of our favorite local spots for newcomers to enjoy as well.

BRIDGMAN:

- Weko Beach
- Tapistry Brewing
- Transient Artisan Ales

THREE OAKS:

- Journeyman Distillery
- Warren Woods State Park
- Backwoods Bike Trails

NEW BUFFALO:

- New Buffalo Beach
- Four Winds Casino
- Galien River Country Park

SAWYER:

- Warren Dunes
- Sawyer Garden
- Sawyer Antique Mall

Plus Round Barn in Baroda, Silver Beach in St. Joe, Captain Mike's Fun Park in Bridgman, and many local spas!
