What's New at Greenbush?

The Clean Plate Club is open, the Farm is pumping out produce, and summer is in full swing.

The Clean Plate Club is officially open!

As you hopefully know by now, the Clean Plate Club is officially open and serving breakfast seven days a week from 7 AM until 1 PM! While we are so excited to be officially open, we still have big plans yet to come for the Clean Plate Club:

- We will be expanding our hours until 3 PM starting today and we will be offering lunch options very shortly, including a variety of sandwiches and salads.
- The Clean Plate Club will be closed on July 5th to prepare for having breakfast, lunch, & dinner available on July 6th! Did we mention breakfast will be available all day?
- Although we don't have a hard date yet for when beer and wine will be available, we do know it will be in July. It will be posted on social media as soon as beer is flowin'.

While the Clean Plate Club is a completely different beast than the Taproom or Annex, a lot of the Clean Plate Club's menu is going to be comprised of what used to be Taproom dishes, which leads to the next point: when the Clean Plate Club opens for lunch & dinner, the Taproom menu will be getting an overhaul. Almost all of our sandwiches and entrees will be moving to the Clean Plate Club. The menu in the Taproom will focus on more barbecue and Southern-centric dishes. Please feel free to ask to see a menu when are arriving at the Taproom to eat or drink to ensure that you are getting the dish you want! Also, all of our menus will be available online very shortly on our website and Facebook.

Oh, by the way, are you following us on Instagram yet? Check it out @greenbushbrew for general GB updates, @greenbushcellar for beer and brewery related updates, and @cleanplate.club for updates about our diner, our Clean Plate Club club, and more!

FARM UPDATE

The month of June has flown by us here at the farm. We've transplanted nearly all of our plants; our four-acre field is almost at max capacity! The farm-crew has worked eagerly and hard to keep their fields in shape, and have just begun regular harvests and deliveries to the kitchen.

Keep your eyes peeled for the beautiful bunches of D'Avignon radishes, a type of "French Breakfast" radish, Lacinato and Red Russian Kales, heads of lettuce and soon much more at the Taproom, Clean Plate Club and for retail at the Annex! Thank you to our farm team for all of their hard work!

BEER, BEER, & MORE BEER

July is historically a big beer month not only for Greenbush, but for all Michigan breweries. The end of July brings us the biggest beer festival in Michigan, put on by the Michigan Brewer's Guild in Ypsilanti. This is a chance for Michigan breweries to bring their best brews for consumers and other breweries to enjoy, to get creative, to and have some fun. In 2015, Greenbush made ice cream beers. This year, we are hosting the Greenbush Cockt-ale hour. Usually, these beers are only available at the beer fest but who knows if one might become a mainstay? Check out the list of beers we are bringing below!

Cocktail Ales:

Old Fashioned LTD	Hot Toddy
Dark and Stormy	Pain Killer
Suffering Bastard	Zombie
Gin & Tonic	Margarita
Vodka Cranberry	Mimosa
Sidecar	Cosmopolitan
Black Walnut Manhattan	Jungle Juice
Rum Runner	Singapore Sling
Fire Ball	Appletini
Mudslide	Vesper Martini
God Father	French 75
Shirley Temple	Sex on the Beach
Aviation	Black Widow
Beggar's Banquet	Pina Colada
Grasshopper	Jack and Coke

Plus Starchicken Shotgun, Underwater Space Gator, and Juicebox Hero because we like 'em and because we can.

-----NEW BEERS ON TAP!-----
